

Dear Parents,

It is an exciting time in art! We are so busy creating and making neat projects. I will be doing a unit on clay this year with every grade level and just wanted to keep you informed. Although I have had no adverse reactions to the use of clay at Rocky Creek, clay may contain dust and/or allergens. If your child has severe allergies and/or asthma and you are concerned about him/her using clay, please contact me. Let me know their name and homeroom teacher and I will make arrangements for them while we are using clay. If your child has worked with clay in the past and not had any adverse reactions that should be a good indicator they will do fine using clay again. Please only contact me if you **do not** want your child using clay. You can call me after 2:45pm at 821-4172 or email me at the following email address. Thanks so much for your continued support of the arts.
